ATTENDANCE

Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Districts may allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in intra- and inter-district transfers. In some cases, the district must provide transportation. Students attending “persistently dangerous” schools can transfer and enroll in a safe school. Students convicted of a violent felony or convicted of a specific misdemeanor may be transferred involuntarily to another school in the district. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. I. Intradistrict Open Enrollment

The Lowell Joint School District is committed to providing the best educational program for all pupils in the District. We recognize that each child is an individual whose educational program may be enhanced by attending at a school other than his/her neighborhood school of residence. The Board of Trustees hereby adopts a policy of intra-district attendance that affords parents an opportunity of enrolling their child in any school of the District. The primary purpose of this policy is to allow parents of kindergarten through sixth grade students to choose a particular style within the existing options available. The policy includes the following provisions:

1. Requests for intra-district attendance be initiated by parents at the school of residence. Forms for this purpose are available at any school office.
2. Parents requesting intra-district attendance should first discuss the request with the principal of the school of residence.
3. Requests will be honored whenever possible provided that:
 - A. Space is available at the class and/or grade at the school of request;
 - B. Where space is limited, preference will be given to pupils residing in the existing attendance area;
 - C. When limitations need to be placed on the number of new pupils entering a school, preference is given to requests in the order of date of receipt of application by the school of choice;
 - D. Pupils will be expected to attend the choice of school for the full year;
 - E. Necessary transportation will be the responsibility of the parent.
4. Applications for intra-district attendance should be completed by May 15 of any school year. Applications initiated and completed after May 15 will be placed on a waiting list and honored if possible.
5. Information regarding the different instructional programs at each of the District’s

As the parent of a student you have many rights and responsibilities. We urge you to read it. We must get the signed form returned or your child may not be able to attend classes.

Teachers build your child’s education one day at a time, so every day is essential. Promotion or even graduation can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

schools may be obtained from the Superintendent, Assistant Superintendent for Educational Services, or principals.

6. Intra-district attendance agreements may be revoked during the school year upon recommendation of the principal and approval of the Superintendent. [AR 5116.1 September 2005; EC 35160.5, 35291, 35351, 48980; 20 USC 6316, 7912; 34 CFR 200.36, 200.37, 200.39, 200.42, 200.43, 200.44, 200.48]

District Residency

The Board of Trustees shall admit only those students who provide proof of district residency. Such proof shall be required prior to enrollment.

A student not residing within the district shall be deemed a district resident if an interdistrict attendance agreement is in effect or the student is confined to a district area hospital or residential care facility for treatment of a temporary disability. Transfer students must maintain good grades, attendance and behavior.

2. Inter-District Attendance

The schools of the Lowell Joint School District shall be operated for the benefit of the students resident in the District. Placement of students in classes for instruction and hiring of staff are directly related to student attendance. Consequently, the District must monitor all circumstances affecting attendance in the District to determine if an interdistrict transfer is in the best interest of the children who reside in the district.

The Board of Education assigns the responsibility to approve, deny and revoke interdistrict attendance permits to the Superintendent or designee. The Superintendent will deny an initial request for transfer into the District if school facilities or programs are overcrowded at the relevant grade level. In addition, the Superintendent will deny an initial interdistrict transfer request, or cancel an existing permit, if false information is used as a basis for requesting or securing the permit. Students attending a District school on an interdistrict attendance permit must maintain good grades, good attendance, and good behavior. It is understood that the continuation of an interdistrict attendance permit is only in the student and District's best interests if that student has a

positive educational experience. Specific reasons for revoking an interdistrict attendance permit are listed later in this policy.

The Lowell Joint School District has not implemented the optional provisions of Education Code 48204 (f), known as employment related transfers.

An interdistrict attendance permit is for all students attending regular day classes. Requests for Special Education students to attend specific programs should be directed to the North Orange County Special Education Local Plan Area (NOCSELPA). The NOCSELPA coordinates the special programs for the districts within this NOCSELPA.

The Superintendent shall consider approval of an interdistrict attendance permit request only when:

1. The district determines that the granting of the permit will not unduly hinder the existing educational program of resident students.
2. The student's attendance in the District will not exceed class size limits set by State regulations or District guidelines, including provisions of applicable collective bargaining agreements.
3. The parent/guardian verifies childcare needs that can be provided only within the boundaries served by our District.
4. To complete a school year when parents/guardians have moved out of the district during that year.
5. To allow students to remain with a class graduating that year from an elementary or intermediate school.
6. When the parent/guardian provides written evidence that the family will be moving to the receiving district in the immediate future and would like the student to start the year in that district.
7. When there is valid interest in a particular educational program not offered in the district.
8. The district has obtained written consent from an authorized official of the requesting student's district of residence.
9. A student who has been determined by personnel of either the district of residence or the district of proposed enrollment to have been the victim of an act of bullying committed by a student of the

district of residence shall, at the request of the person having legal custody of the student, be given priority for inter-district attendance under any existing inter-district attendance agreement or, in the absence of an agreement, be given additional consideration for the creation of an inter-district attendance agreement.

The issuance and renewal of interdistrict attendance permits shall be further governed by the following:

1. All new interdistrict attendance permits may be withheld for a period of two weeks at the beginning of each school year for the purpose of allowing district residents to attend classes and determine whether the issuance of a permit would violate the standards of class size established by the District.
2. First priority for approval of interdistrict attendance permits shall be granted to verified renewal requests. Second priority for approval will be siblings of currently enrolled students attending a district school. Third priority is given to children of employees of the Lowell Joint School District. All other requests will then be considered. Priority status is only given to applications date stamped prior to June 1st.
3. Following the prioritization of requests, if there is more than one application for an opening, the date stamp showing the earliest receipt of transfer request approval from the district of residence will be used.
4. Requests for renewal of interdistrict attendance permits must be made in writing by the parent or guardian prior to the close of the present school year for which the existing permit is valid. Renewals received after the close of the school year will be considered new permits requests.

Students granted transfer into the Lowell Joint School District through this process are guaranteed no specific school of attendance. Transfer students may be placed only in schools and classrooms where space is available.

Transportation shall not be provided for students admitted pursuant to an interdistrict attendance agreement. However, upon request, the Superintendent or designee, may authorize transportation if space is available for students

living outside of district boundaries to and from a designated bus stop within district boundaries.

The District reserves the right to refuse to accept any interdistrict attendance permit application for any reason determined to be in the best interests of the District.

The District shall not knowingly enroll a student who is not a district resident without an interdistrict attendance permit.

Interdistrict attendance permits shall be reviewed annually and renewed only if space continues to be available and reasons for the transfer continue to meet district policy. If space is no longer available at the student's school of attendance, the student may request another school within the district or return to his/her school district of residence.

The District reserves the right to revoke an interdistrict attendance permit because of:

1. Enrollment in the grade exceeds space available during the year.
2. Unsatisfactory attendance of the student, which includes punctuality relative to school starting and ending times, as well as excessive absenteeism. Unsatisfactory attendance is further defined as being classified as truant.
3. Unsatisfactory citizenship by the student, defined as continual breaking of school rules or upon the commitment of an act warranting two or more days of suspension in any one school year or more than one unsatisfactory rating on the effort section of any report card.
4. Unsatisfactory scholarship from the student, clarified to be achievement below a "C" average on any report card.
5. Determination that the conditions under which the original transfer request was granted no longer apply.
6. A finding that false, misleading or the deliberate omission of information was provided by the parents and used as a basis for the securing or renewing of a permit.
7. A determination that space, facilities, services, or supplies are or will be insufficient at a given site to accommodate resident students or anticipated new resident students within the attendance area.

8. Unwillingness to cooperate with school officials by the student or parent.
9. Any other reasons as determined by Education Code or district policy.

Per the Education Code, the denial of an interdistrict attendance permit may be appealed ultimately to the County Board of Education. However the decision of the district to revoke an Interdistrict Attendance Permit may not be appealed beyond the District Board of Education.

Timelines for appeal of the denial, first to the District Board and then, if necessary, to the County Board are prescribed in Education Code 46601. Parents of students may not appeal denials or revocations of interdistrict attendance permits during expulsion proceedings or during the term of an expulsion. [BP 5117 June 2012; EC 35160.5, 35291, 35351, 46600-46611, 48200 et seq, 48915-48918, 48980]

3. Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver’s home. [EC 48204(a), 48980; FC 6550-6552]

4. Attendance in District Where Parent / Guardian is Employed

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of the parent’s/guardian’s employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(a)(7), 48980]

5. Special Enrollment Allowances for Some Categories of Students

Some students, including foster, homeless, migratory, American Indian, or military children, living in the district may stay enrolled in their school

of origin inside or outside the district if: 1) their Individual Education Plan (IEP) indicates attendance elsewhere, or 2) parents, guardians, and others with authority declare in writing otherwise. In some cases, they also have rights to expedited enrollment in school, to attend classes and programs, to after-school programs, and to fee waivers. The school district and each school site have complete documentation of the rights of homeless, foster, migratory, military, and other special categories of students. [EC 48204, 48204.7, 48645.3, 48850-48859, 51225.1, 56055; 5 CCR 4622; WIC 224.1, 361, 726; 42 USC 11301, 11431-11435]

Student Immigrant and Religious Rights

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot ask about a student’s immigrant (or migratory) or religious status. The state Attorney General has information about “know your rights”: <https://oag.ca.gov/immigrant/resources>. Immigrant students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234.1]

Individualized Instruction

You must notify the school if your child has a temporary disability and cannot attend regular classrooms. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies, and within five (5) days of the determination commence instruction in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin and for how long it will continue. Each hour of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. [EC 48206.3, 48207, 48207.5, 48208, 48980]

Pregnant or Parenting Students

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian may have excused leave for up to 8 weeks or more without having to complete schoolwork or other requirements, or being subject to penalties.

They may return to the same school and courses, and be provided time to make up work. They may choose to attend an alternative program with access to comparable courses, programs and activities. They may have a fifth year to complete high school graduation requirements unless administration determines they are capable of completing graduation requirements in four years. Complaints about these rights can be made using the Uniform Complaint Procedure. [EC 221.51, 46015, 48200, 48980]

► General Absences

Children cannot learn if they are not in school. Daily school attendance improves student achievement. Children learn early about being on time and not missing school; teach your child that school attendance is an important family value. Children ages 6 to 18 years must attend every school day.

The state only awards funding to school districts for actual attendance. The state does not fund districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences are recorded as a truancy.

A. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

1. Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
 2. Due to quarantine under the direction of a county or city health officer.
 3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
 4. For the purpose of attending the funeral services of a member of the pupil's immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
5. For the purpose of jury duty in the manner provided for by law.
 6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child, for which the school shall not require a note from a doctor.
 7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at a religious retreat, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization, when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board of the school district.
 8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
 9. For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
 10. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
 11. For the purpose of participating in a cultural ceremony or event.
 12. (A) For the purpose of a middle school or high school pupil engaging in a civic or political

event, as provided in subparagraph (B), provided that the pupil notifies the school ahead of the absence.

- (B) (i) A middle school or high school pupil who is absent pursuant to subparagraph (A) is required to be excused for only one schoolday-long absence per school year.
- (ii) A middle school or high school pupil who is absent pursuant to subparagraph (A) may be permitted additional excused absences in the discretion of a school administrator, as described in subdivision (c) of Section 48260.

13. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

- B. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- C. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
- D. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- E. For purposes of this section, the following definitions apply:
 - 1. A “civic or political event” includes, but is not limited to, voting, poll working, strikes, public commenting, candidate speeches, political or civic forums, and town halls.
 - 2. “Cultural” means relating to the habits, practices, beliefs, and traditions of a certain group of people.
 - 3. “Immediate family” means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. [EC 48205, 48260]

Districts may allow students, with parental or

guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

School authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil’s parent or guardian. [EC 46010.1]

► **Emergency School Closure**

Schools may close in the case of a natural disaster such as an earthquake, a fire, a flood, or an epidemic/pandemic. School officials rely on the expertise and advice of public health and safety officials in these decisions. Other means of delivering instruction will be used as possible.

► **Minimum Days/Pupil Free Staff Development Days**

If your child will be affected by minimum days or staff development days, we will attempt to give you advance notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980]

► **School Attendance Review Board**

The district participates in the School Attendance Review Board (SARB). The SARB, which includes representatives from various youth-serving agencies, helps truant or recalcitrant students and their parents or guardians solve school attendance and behavior problems through the use of available school and community resources. SARBs do have the power, when necessary, to refer students and their parents or guardians to court. [EC 48320; 48321]

process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including, but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

▀ Academic Standards and Assessments

Each district in California decides how they will teach and what resources they will use. More information can be found at www.cde.ca.gov/re/cc/. California uses a computer-based student testing system tied to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The tests include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604, 60615, 60640; 5 CCR 852]

English Language Learners are evaluated with the English Language Proficiency Assessments for California (ELPAC) and to identify and measure their progress in English Language proficiency. Students in grades 5, 7, and 9 also participate in Physical Fitness Testing (PFT). [EC 52060, 52066, 60800]

▀ Local Control Funding and Accountability

The Local Control Funding Formula (LCFF) provides money to school districts with a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then

there are further adjustments for concentration of these groups if they are above 55% of the district's enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The Local Control Accountability Plan (LCAP) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. The LCAP must focus on eight areas identified as State priorities:

1. Basic Services
2. Implementation of State Standards
3. Parental Involvement
4. Pupil Achievement
5. Pupil Engagement
6. School Climate
7. Course Access
8. Other Pupil Outcomes

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The plan will demonstrate how the district's budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can comment about proposals or expenditures to the school board; at parent, student, community engagement meetings; at staff LCAP meetings; or to the district LCAP Advisory Committee. Complaints regarding LCAP may be filed anonymously or using the District Uniform Complaint Procedures. [EC 305, 47606.5, 47607.3, 52060-52076, 5 CCR 4600, 4622]

Homeless, Migratory, Foster, Military, and Juvenile Court Youth

Homeless, migratory, foster, military family, juvenile court youth, or youth participating in a newcomer program have special rights related to graduation and partial high school credits. They have the right to an adult to help make educational decisions. Foster and homeless youth also have special rights associated with college funding, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint. [EC 48645.3, 48645.5, 51225.1-51225.3, 56055; 5 CCR 4622; WIC 361, 726]

Language Learning Programs

Language acquisition programs are designed to ensure that English learners acquire English as rapidly and effectively as possible. They provide instruction based on the state-adopted academic content

excused from such instruction if you request an excuse in writing. No student shall be penalized, sanctioned, or disciplined for such an excuse, and shall have an alternative education activity available. [EC 51240, 51938, 51950]

Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include comprehensive sexual health education, HIV education, and research findings regarding pupil health behaviors and risks. Students in grades 7-12 will gain a deeper understanding of HIV transmission, prevention, and treatment. They will also be taught about the prevalence of human trafficking and the methods traffickers employ, including social media and mobile devices. You will be notified before such instruction. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker. You have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. In this District, staff teaches these classes. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at <https://leginfo.legislature.ca.gov>. [EC 51933-51939]

Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255-32255.6]

Tests/Surveys on Personal Beliefs

You and/or your child(ren) over 18 will be notified before administration of tests, questionnaires, surveys, examinations, or marketing material containing questions about your child's, or your personal beliefs, practices in politics, mental health, anti-social, illegal, self-incriminating, demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility for receiving assistance), sex, family life, morality, or religion. You will be asked for written permission except for exempt surveys (in grades 7-12) that are part of sexual health programs or State surveys. Parents may opt their child(ren) out of all surveys, including those seeking information to be used in marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. SCHOOL RECORDS AND STUDENT ACHIEVEMENT

▀ Pupil Records

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, inspect, and get copies of school records within five business days of a written or oral request or before any meeting regarding an individualized education plan (IEP) or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools where student transfers or wants to enroll. In some instances, information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection

of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, health information, and State test scores. The records are maintained at your child’s school site by the principal. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. District policy and administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for ten cents (10¢) per page. If you cannot afford the cost of copies, they will be provided free of charge. With the proper documentation, the records can be changed to reflect a legal change of name and/or gender of a student or a former student. You also have the right to file a written request with the superintendent challenging the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer’s expertise, a comment not based on personal observation with time and date noted, misleading information, or a violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student’s record. [EC 8484.1, 49060, 49062.5, 49063, 49068, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR Part 99]

Students of Military Families

For a smoother transition, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. Also, students can be registered in their district of choice, but must provide proof of residency within 10 days. [EC 51225.1, 51225.2]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The

Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

Students of Military Families

For a smoother transition, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. Also students can be registered in their district of choice, but must provide proof of residency within 10 days. [EC 51225.1, 51225.2]

▀ Regulations Regarding Pupil Achievement

The Board of Trustees believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student’s ability, citizenship and effort. [EC 49067]

▀ Teacher Qualifications

A provision of Federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive a school accountability report card which contains timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.48, 200.61]

▀ Release of Directory Information

The law allows schools to release “directory information” to certain persons or organizations including military recruiters. Directory information includes student’s name, address, telephone number, electronic mail address, date of birth, dates of attendance, and the most recent previous school attended by the student. Directory information does not include citizenship status, immigration status,

place of birth, or any other information indicating nationality. You may have the district withhold any of this information by submitting a request in writing. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

► School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, disasters, and criminal activity. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

STUDENT SERVICES

► Student Meal Program

The District’s Food Service Department serves breakfast and lunch daily, and seeks to ensure no child is denied meals. The meal program is self-sufficient so that other student services are not impacted when meals are not paid for. Students may pay for meals on a per-meal basis or parents/guardians may pay for meals in advance online at MySchoolBucks.com, by contacting Christina Davis in Nutrition Services at (562) 902-4296 or cdavis@ljsd.org or by leaving it in the cafeteria payment box located in each school office; envelopes are provided. The District will contact you if your account is behind. The District may be able to create a repayment plan or to explain the Free and Reduced meal plan; participation in the plan is confidential. [EC 49510-49520, 49558; 42 USC 1761(a)]

► Student Use of Technology

The Board of Trustees intends that technological

* Other school-related work includes software programs such as iReady, ST Math, Lexia, SeeSaw, Google Classroom, Khan Academy, Clever, digital materials provided through adopted textbooks, Discovery, Tynker, and other educational resources.

resources provided by the district be used in a responsible and proper manner in support of the instructional program and for the advancement of student learning.

Definitions

“Technology” includes computers, tablets, the Internet, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, such as iPod’s, USB drives, wireless access points (routers), or any wireless communication device.

“District Technology” is that which is owned or provided by the District. “Personal Technology” is non-District Technology.

Use of District Technology

The District provides Technology for a limited educational purpose. This means students may use these resources for classroom activities and other school-related work.* Students may not use District Technology for commercial purposes; students may not offer, provide, or purchase products or services using District Technology. Students may use District Technology only for class assignments or for personal research on subjects similar to what they might study in a class or in the school library. Use for entertainment purposes or personal communication, such as personal blogging, instant messaging, on-line shopping or gaming is not allowed.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district computers and consequences for unauthorized use and/or unlawful activities.

Use of Personal Technology

Use of Personal Technology may violate this Policy if the District reasonably believes the conduct or speech will cause actual, material disruption of school activities. This Policy and accompanying Administrative Regulation will provide students with guidance in order to avoid such disruption.

On-Line Services/Internet Access

The Superintendent or designee shall ensure that all district computers with Internet access have a

technology protection measure that blocks or filters Internet access to visual depictions that are obscene, child pornography, or harmful to minors, and that the operation of such measures is enforced.

The Board desires to protect students from access to harmful matter on the Internet or other on-line services. The Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet. He/she also shall establish regulations to address the safety and security of students when using electronic mail, chat rooms and other forms of direct electronic communication.

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.

Disclosure, use and dissemination of personal identification information regarding students is prohibited.

Staff shall supervise students while they are using on-line services and may ask teacher aides and student aides to assist in this supervision.

Acceptable Use Agreement

Before students are authorized to use District Technology and/or bring personal mobile devices to school or school activities, they and their parent/guardian are required to sign and return the Acceptable Use Agreement. Parents must agree not to hold the District or its personnel responsible for the failure of any technology protection measures, violations of copyright restrictions, user mistakes or negligence, or any costs incurred by users. Parents also will acknowledge they may be held liable for damages caused by their child's intentional misuse of District or Personal Technology.

Oversight

In order to help ensure that the district adapts to changing technologies and circumstances, the Superintendent or designee shall regularly review this

policy, the accompanying administrative regulation and other procedures. He/she shall also monitor the district's filtering software to help ensure its effectiveness.

Access to Social Media Sites

The District does not permit students to access social media sites, such as Facebook, Twitter, LinkedIn, YouTube (unless it's for a classroom assignment), and MySpace, using District Technology. [BP 6163.4 June 2013; EC 48980, 51006, 51007, 51870.5, 60044; PC 313, 502, 632; 20 USC 6801-6979, 7001; 47 USC 254; 16 CFR 312.1-312.12; 47 CFR 54.52; Public Law 107-110 2401-2441, 2441]

School Accountability Report Card

The School Accountability Report Card is available on request and is available annually by February 1st on the Internet at www.ljssd.org. It contains information about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. [EC 33126, 32286, 35256, 35258, 51101]

Services to Students with Disabilities

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, contact the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. The District has policies guiding procedures for identification and referral. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

Pupil Fees

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to,

materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging fees or deposits. Exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal and may be filed anonymously.

HEALTH SERVICES

■ Immunizations

Documented proof that immunizations are up-to-date is required before attending school; districts may not allow "conditional" admittance into schools. Students may not participate in a classroom setting unless they have been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, and tetanus. Students must be

immunized for varicella (chickenpox) or provide proof from a doctor stating they have had the disease.

All new students, advancing students, or students transferring into grades 7-12 must be fully immunized, and will not be admitted without the required booster against pertussis (Tdap) and a second dose against varicella. The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services. Homeless, foster, migratory, and military youth can be enrolled without proof of immunization. [HSC 120325, 120335, 120338, 120375, 120400, 120405, 120410, 120415, 120440, 120480; EC 48216, 48852.7, 48853.5, 49403; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

Exemptions

These requirements do not apply if a form from licensed physician cites why they should not. The physician submits the standardized electronic form directly to the California Immunization Registry (CAIR) and to the school for exemption; this is the only form the school will accept. The form will include physician information, the child's name and their school, the parent's/guardian's name, and the specific basis for and duration of the exemption.

If an outbreak of a communicable disease occurs, a non-immunized student will be excluded from school for their own safety until such a time as directed by health officials or district administration.

Forms submitted prior to January 1, 2020 and exemptions based on beliefs opposed to immunization submitted prior to January 1, 2016 are valid until the pupil enrolls in the next grade span (through preschool, grades K-6, grades 7-12). Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying your County Health Department. [HSC 120325, 120335, 120338, 120370, 120372, 120372.05; EC 48216]

■ Physical Examinations

For each child enrolling in the District for the first time in kindergarten or first grade, the parent or guardian must present a certificate, signed by

a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

Whittier Health Center
7643 S. Painter Avenue, Whittier, CA 90602
(562) 464-5350

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA]

Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child’s school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child’s oral health assessed and have proof of the assessment by May 31 of the student’s first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

Vision, Hearing, and Scoliosis Screening

An authorized person will check your child’s vision upon enrollment and in grades 2, 5, and 8 unless the student entered the District in grade 4 or 7. A second exam for fitting glasses may be done if the district

contracts with a nonprofit or health agency to do so. Hearing tests will be conducted when your child is enrolled or first enters a District school. Females in grade 7 and males in grade 8 may be screened for scoliosis (curvature of the spine). These tests may be administered unless you annually give the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying your consent. [EC 44878, 49451, 49452, 49452.5, 49455]

Medication

Children may take medication, which is prescribed by a physician, and get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. The statement gives permission to communicate with the health care provider or pharmacist, and acknowledges understanding of how the medication will be administered.

This includes allowing a school staff member to volunteer and be trained to identify the need for, and to administer epinephrine to a student for anaphylaxis; glucagon as prescribed for diabetes; or anti-seizure medication as prescribed to a student diagnosed with seizures, a seizure disorder, or epilepsy. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine and/or anti-seizure medication. The District will have a supply of auto-injectable epinephrine at each school site for those who may experience a previously unknown anaphylactic reaction. Students with known anaphylactic reactions need to continue to send their epi-pen to school along with the proper written documentation. A school nurse or trained volunteer school employee may administer emergency naloxone hydrochloride or another opioid antagonist to persons suffering, or reasonably believed to be suffering, from an opioid overdose. [EC 49414, 49414.1, 49414.5, 49423, 49423.1, 49468.2, 49480; ne]

Children may carry and self-administer a blood

glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. [EC 49414, 49414.5, 49423, 49423.1, 49480]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

► Sun Protection

Students when outdoors can wear sun protective clothing, including, but not limited to hats as restricted by school dress policy. [EC 35183.5]

► Medical and Hospital Insurance for Students

The District DOES NOT provide insurance on individual students. However, you may purchase accident insurance through an agency that provides accident insurance. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the District; or while being transported by the District to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49472]

Pacific Educators provides such insurance and they can be contacted directly at (800) 722-3365, or you may visit your child’s school office to obtain a detailed brochure/application. Applications and sign up can also be done online at www.peinsurance.com (click on Products, then Student Insurance).

Under state law, school districts are required to ensure that all members of school athletic teams

have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Enrollment in a Health Care Plan

All children and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at www.coveredca.com. [PPACA]

School-Sponsored Athletics

If a student participates in school-sponsored athletics other than physical education or athletic event during the school day, parents/guardians and the student athlete are required to annually; (1) complete a concussion awareness form, (2) complete a sudden cardiac arrest awareness form, and (3) sign a document acknowledging receipt of an Opioid Factsheet received either in print or electronic format. [EC 33479, 49475, 49476]

► Access to Mental Health Services

School-based mental health services help address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact your school counselor, nurse, health aide, principal, or Kari Heinrich at the district office at kheinrich@ljsd.org. In the community a good place to start may be to dial 211 for referrals in your area or call Los Angeles Co. Mental Health Services at (800) 854-7771. If you are in crisis contact this number or dial 911 immediately. [EC 49428]

Suicide Prevention

Suicide is a leading cause of death among youth, and school personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and

counseling (including for bereavement). Information about district programs and services and links to community and statewide resources are available on the District’s website at www.ljdsd.org. ► Schools Free of Tobacco, Alcohol, and Drugs

The Board has adopted Tobacco-Free, Drug-Free, and Alcohol-Free campus policies to promote student health and well-being. The District strives for a school environment free of these substances and has prevention and intervention programs. There may be programs through the District or in the community to support students’ cessation from use of tobacco, alcohol, or drugs. For more information please contact the school/district nurse or a school administrator. [EC 51202-51203, 51260-51269; HSC 104420, 11999-11999.3; PC 13864]

► Diabetes Information

Diabetes is a health condition that affects how the body turns food into energy. Most food is broken down into glucose (sugar). When sugar increases in your bloodstream, your pancreas releases insulin. Insulin acts like a key to let the sugar into your body’s cells to use as energy. When there isn’t enough insulin or when cells stop responding to insulin, too much sugar stays in your bloodstream. Over time, this can cause serious health problems such as heart disease, vision loss, and kidney disease. There is no cure for any type of diabetes.

For both types, managing weight, eating healthy food, being active, and getting enough rest can really help. Taking medicine as prescribed, getting diabetes self-management education and support, and keeping health care appointments can also reduce the negative impacts of diabetes.

Type-2 Diabetes:

Type-2 diabetes is when your body can’t use the insulin it makes as well as it should. It is the most common form of diabetes in adults, and is becoming more common in children, especially overweight teens. It is estimated that one in three children born

in the US after the year 2000 will develop type-2 diabetes.

Type-2 diabetes can be prevented or delayed through lifestyle changes and medical intervention, and it is treatable. Eating healthy foods in the correct amounts and exercising regularly (at least 60 minutes every day) can help children achieve or maintain a normal weight and normal blood glucose levels.

The first step is to visit a doctor who can determine if your child is overweight. A doctor can prescribe medication if appropriate and can order tests of a child’s blood glucose to see if the child has diabetes or pre-diabetes (may lead to full onset type-2 diabetes).

Type-1 Diabetes:

Type-1 diabetes is when your body simply doesn’t make enough insulin. Type-1 diabetes is not preventable, but it is manageable. It is an autoimmune disease that may be caused by genetic, environmental, or other factors. It is usually first diagnosed in children or young adults, but it can occur at any age.

Risk Factors:

It is recommended that students displaying or possibly experiencing the risk factors and warning signs below see a doctor to be screened for type-1 and/or type-2 diabetes:

Being overweight: The single greatest risk factor for Type-2 diabetes is excess weight. In the US, almost one out of every five children is overweight. Being overweight more than doubles a child’s chance of developing diabetes.

Family history of diabetes: Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity: Being inactive further reduces the body’s ability to respond to insulin.

Specific racial/ethnic groups: Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

Age/Puberty: Type-1 diabetes usually occurs in the early years, and before reaching puberty. Type-2 diabetes is more likely to develop during or near puberty, probably because of normal rises in

hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms:

There are usually warning signs when a child might have diabetes. Not everyone with diabetes develops these symptoms, and not everyone who has these symptoms necessarily has diabetes. Type-2 symptoms generally develop slowly over time. Type-1 symptoms show up quickly – in a matter of weeks or even days, and are much more severe.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular/No menstrual periods, and/or excess facial and body hair growth in girl
- High blood pressure or abnormal blood fats levels
- For type-1; Nausea, vomiting, and/or stomach pain

Parents/Guardians of children displaying warning signs should immediately consult with the student’s primary care provider to determine if screening for diabetes is appropriate. Following a diabetes’s diagnosis, parents/guardians should work with the primary care provider to develop a lifestyle and medical treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

Diabetes Screening Tests:

Your doctor may have your child take one or more of the following blood tests to confirm the diagnosis:

Glycated hemoglobin (A1C) test: A blood test measures the average blood sugar level over two to three months

Random (non-fasting) blood sugar test: A blood sample is taken at a random time; this test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test: A blood sample is taken after an overnight fast; a high level on two separate tests indicates diabetes.

Oral glucose tolerance test: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid.

If the primary care provider thinks your child has type-1 diabetes, blood may also be tested for autoantibodies (substances that indicate the body is attacking itself) that are often present in type-1 diabetes but not in type-2. The child’s urine might be tested for ketones (produced when the body burns fat for energy), which may also indicate type-1 diabetes instead of type-2 diabetes.

More information can be found on these websites: California Department of Public Health, www.cdph.ca.gov; Centers for Disease Control and Prevention, www.cdc.gov/diabetes/; American Diabetes Association, <https://diabetes.org>.

The information provided in this booklet is intended to raise awareness about this disease. Contact your child’s primary care provider, school nurse, or school administrator if you have questions. [EC 49452.6, 49452.7; HSC 104250]
